

# Land Use Agreement

Fabian Garcia Science Center and Leyendecker Plant Science Research Center

Research Program & Principal Investigator/ Co PI's:

Index Number:

Project Title:

Collaborators:

Project Objectives:

Anticipated Impacts:

Summary of Preliminary Results:

Duration of Study:

Start date:

End date:

Crop and Location:

Let farm manager manage routine daily operations without consultation:  Yes  No

(By checking "No", you agree to submitting a Work Order for each task or tasks requested)

Hand Labor requirements (Estimated # of people, frequency) over course of season:

Irrigation schedule, who decides? (If PI decides then Work Order is needed every irrigation):

Principal Investigator  Farm Manager

Irrigation meter readings needed?  Yes  No

Chemical applications (which chemicals, application rates, schedule, pest scouting responsibilities):

Harvest needs (farm crew, students, mechanical):

Special Requirements:

Who will be primary contact?

Email:

Cell Phone:

Potential interference with other projects (have these researchers been contacted):

Will there be any sales associated with this project:

If so, how are funds to be distributed?:

What close-down costs will be incurred at the end of this project:

Additional information:

Signature of Principal Investigator: \_\_\_\_\_ Date:

Signature of Farm Manager: \_\_\_\_\_ Date:

Signature of Superintendent: \_\_\_\_\_ Date:

\*\*Principal Investigator is responsible for ensuring that personnel working on their project have received Worker Protection Standard (WPS) training

\*\*As part of this Land Use Agreement, the Principal investigator agrees to contribute to the Center's Annual Report and to the general reporting needs of the Center.
