

Leyendecker and Fabian Garcia Farming Fee's

Tractor Charges	\$40/hr.
Irrigation Charges	\$30/hr.
Pesticide Charges (Greenhouse/Backpack)	\$25/hr. plus *Chemical
Spray Rig Prep Charges	\$25

Some chemicals will be supplied, however, for specialty chemicals, please provide an index number at the time of your request.

Fabian Garcia Drip Irrigation is based on a formula.

Number of hours X \$2 = _____ + gals used/325,848 gal/acre/ft X \$25per acre ft. = _____

Example:

23.5 hours X \$2 = \$47.00

147808 gallons used ÷ 325,848 = 11.25

Total Drip Irrigation Charges = \$58.25

Dryers and Walk in Coolers at Leyendecker:

The following kilowatt (kw) Usage will be charged per dryer or cooler. Remember, some dryers use electricity at different rates when selecting the dryer you choose to use.

Dryer located in the corridor of the Lab building: 152 kw per day.

Dryer located in room 17 of the Lab building: 372 kw per day.

Dryer located in room 14 of the Lab building: 26 kw per day plus gas usage.

Dryers located in the Barn building: 14 kw per day plus gas usage.

Walk-in coolers in rooms 8 and 10 of the Lab building: 101 kw per day.

Example:

Dryer in room 17 drying forage 7 days = 372 kw per day X 7 = 2604 kw used. 707 kw X *\$0.01536 per kw (according to monthly El Paso Electric bill)* = \$40.
